Dear Teresa, Dan, Dan, Lindsey, Melissa, Jackie, Amy, Mary, Jill, Kristyn, et al:

Thank you for all your help and encouragement these last few weeks recovering from my fourth knee surgery. The hard work, instruction and guidance you provided made all the difference. I learned from having been there four years ago, that the harder I worked, the better the result. But you are the reason its possible to work hard, and still enjoy every minute! I will be back, hopefully just to visit, but if needed, I know where I can get effective, professional and friendly therapy. Thanks again for all the help.

Very truly yours,

Larry G. Calcamuggio
